## **Keep Charlton Boulevard Open**

We, the citizens of the Charlton and Cribbs ward, petition the South Gloucestershire Council to keep Charlton Boulevard open to Hayes Way Concord roundabout for car traffic.

The South Gloucestershire Council is planning to convert this into a bus only lane, and direct the traffic via Patchway Highwood road. This will add over 1,500 car traffic to Patchway roundabout on top of existing 4,000+ car traffic, which is already heavily congested. If it is allowed then it will aggravate the problem for existing Patchway residents as well as Charlton Hayes residents.

Therefore, I demand South Gloucestershire Council to stop plan to convert Charlton Boulevard Hayes Way entrance into a bus only lane, and provide a better traffic management solution.
